Mr. C.S. Stedman,

51 State Street,

Albany, N.Y.

My dear Mr. Stedman:

I have received your letter and am glad to hear from you again. I look back always with pleasure to the two occasions on which I visited Albany and should myself be glad to come to Albany some time again. However, I am afraid that it is out of the question in the near future.

With regard to the work of education done for the Canadian soldiers overseas I should say that I am afraid that there is no one in Canada at present who would be able to go and give you an authoritative outline on the subject. I myself know a good deal about it as I have just returned from overseas, but those who are actively engaged in the work are at present with our troops. Dr. Tory may be in Canada at the end of the year for a short time, and it is possible you might get him to stop at Albany on his way, if he were to come by New York. I do not know who else would be able to help you in the matter. With kind regards, I am,

Yours sincerely,

President.

With regard to the work of education done for the Canadian soldiers overseas I myself know a good deal about it as I have just returned, but I am glad to be able to recommend to you Major Stewart Wallace who has done active work overseas and who was also connected with the teaching staff. He should be able to give you a very interesting account of the educational service. If you would think of asking him to go to Albany I shall be glad to communicate with him as he is on the teaching staff of the University.

With kind regards, I am,

Yours sincerely,

President.

Mr. C. S. Steadman,

51 State Street,

Albany, N.Y.

Dear Mr. Steadman:

I am afraid that I shall not be in the neighborhood of Albany this winter. I go to and coon from New York next week, but after that shall I think not require to go until late next spring. Major Wallace also is engaged in his regular work in Toronto and could hardly make a special trip to Albany for the purpose of addressing the Club at his own expenses. If, however, I should hear of any of the members of our University who are in the neighborhood of Albany I shall be glad to let you know as I am sure they would enjoy the privilege of speaking at the University Club.

Have we not entered into a new world by the magnificent news that has just come? I hope that we shall all be ready to meet the problems of the new world.

With kind regards, I am,

Yours sincerely,

President.

President Robert A. Falconer,

University of Toronto,

Toronto, Canada.

My dear Dr. Falconer:

The University Club has made a collection of seals of colleges represented by its membership and the room where they have been placed is now completely surrounded by a frieze of seals in which there is space left for one. This I have reserved for the University of Toronto.

These seals are painted on canvas and I am writing to ask if you will be kind enough to furnish me something to illustrate the design and coloring of your seal? In the event that you have no colored design will you describe the necessary colors or give me the official colors of your University?

I am particularly anxious to have your University represented in this collection because I feel that the frieze would be incomplete without it. Toronto is the only Canadian university represented in our membership. Mr. Ross MacKinnon, '05 is the representative and I am writing him today to secure his formal consent that I should present this to the Club, which I will do with pleasure in recognition of your friendship and of my admiration for the College as well as for the pleasure which you and Capt. Hodder Williams and Lt. Col. Cecil G. Williams have given the Club.

In the event that you cannot conveniently send me

a design I am sure that if the seal or coat of arms on your letter paper is official and if you will indicate the University colors it will prove sufficient for the artist who is doing the work.

With best wishes to you, believe me,

Very truly,

Charles S. Stedman.

Mr. Charles S. Steadman,

91 State Street,

Albany, N.Y.

Dear Mr. Steadman:

Your very kind letter reached me a few days ago and I am very much gratified that you are reserving a space in the University Club for the crest of the University of Toronto. This is indeed a great honour which I know that our Board of Governors appreciate, as I mentioned it to them yesterday. I am getting a photograph of our newest crest together with a statement as to the colours, which I will forward to you before very long.

Wishing you a happy New Year and prosperity for the Club, I am, with kind regards,

Yours sincerely,

President.
